

Professional Insight Through Critical Appraisal and Reflection

PD023w

3 external CPD points

Introduction

This half day workshop is aimed at appraisers and will help them understand and recognise how reflection can support their practice. Additionally, reviewing your skills to critically appraise supporting evidence and question practice which has changed as a result, are key appraiser skills. Delegates will be asked to bring along their own anonymised reflections for discussion and to evaluate change of practice and quality improvement.

Course structure

- **½ day workshop**
- **Date:** 12th November 2018
- **Timings:** 1pm – 4.30pm
- **Venue:** Southampton

Workshop objectives

- Understand the principles of critical appraisal and reflection and why this is an important part of your development, recognising how this supports your role as a clinician
- Demonstrate what is meant by critical appraisal and reflective practice as a practitioner in the context of clinical practice
- Utilise tools to enhance your own reflective practice and improve patient safety and quality in your area of responsibility
- Apply the principles of reflection, enabling you to document your learning for inclusion into your portfolio as supporting information for revalidation.
- Transferring the reflections into meaningful personal development plans
