

Gaining your consultant post can be a real challenge. We can help you to avoid some of the most common pitfalls.

# Applying to the Specialist Register Using CESR

PD05w

---

## 13 external CPD points

SAS doctors

## Introduction

This workshop provides an introduction to the CESR process and takes delegates through the entire application process – from which evidence to include and how to present this clearly, common pitfalls and how to overcome them to preparing an effective CV. You will work in groups to assess the key requirements of a consultant within the modern National Health Service and there will also be advice and guidance on how you can gain your consultant post, complete with practise interviews.

## Course structure

- 1 day workshop with Optional e-learning

## E learning Topics

- Appraisal for Revalidation
- Understanding Clinical Leadership
- Working with Others
- Gaining your Consultant Post

## What do I gain?

- The time and space in which to work with other doctors in understanding and exploring many of the issues around this complex subject
- The opportunity to develop and practise key skills with the support of colleagues and useful input from an experienced facilitator
- A valuable contribution towards your ongoing learning.

## Workshop objectives

- To fully understand the CESR Process
- To receive guidance on the documentation
- To be aware of current NHS Developments
- To know what to expect from a consultant interview
- To practice interview skills
