

Appraisal and Revalidation Refresher – Live Webinar

5 external CPD points

Introduction

The content of this blended course recognises the impact of the pandemic with the emphasis on health and well-being. Reduction of documentary requirements for the pre-appraisal documentation is discussed, whilst maintaining the importance of the existing purposes of appraisal in supporting the personal and professional development of doctors. It is aimed at allowing attendees to revisit the appraisal and revalidation process, understand the latest guidance from the GMC, NHSE/I and AoMRC and the challenges appraisers may face conducting a virtual appraisal as a result of the pandemic.

The live webinar acts as a forum whereby attendees can interact with their peers and thus allows for the spreading of best practice. It is important that confidentiality is maintained throughout the programme, to enable appraisers to refer and reflect on their experiences.

Course Structure

- **70 minute Optional e-learning module**
- **2.5 hour live webinar [including update based on COVID-19]**

Webinar Objectives

- Understand the new guidance in the context of COVID-19 (NHSE/I, AoMRC and the GMC)
- Practise how to support appraisees with health and wellbeing questions
- Understand the importance of high-quality appraisals and the significance of quality assurance checks
- Check the doctor's supporting evidence, knowing what needs to be included and what can now be discussed at the appraisal meeting
- Understand a good structure for reflective comments and practise using this
- Know how to be assertive yet supportive in discussions with the doctor
- Review PDPs and how appraisers can help doctors to write good quality PDPs whilst acknowledging that not all previous PDP objectives may have been met
